

Manifestări științifice internaționale

1. Ileana Rău, Ana-Maria Albu, Manuela Rossemary Apetroaei, Verginica Schroder (prezentare orală) Chitosan and Chitin from Unexplored Resources – Unconventional Sources for the Design of Multifunctional Materials, Bucharest Polymer Conference, 2nd Edition, Bucharest, Romania, 10 - 11 June 2021.
2. Verginica Schroder, Manuela Rossemary Apetroaei, Mirela Adina Anton, Irina Mihaela Iancu and Ileana Rau (prezentare orală) Evaluation of Manganese Retention in the Crustacean Tissue and its Implications for Chitin product and applications, IEEE E-HEALTH AND BIOENGINEERING CONFERENCE - EHB 2021, 9-th edition, Iași, Romania, November 18-19, 2021

Manifestări științifice naționale

1. Ileana Rău, Ana-Maria Albu, Manuela Rossemary Apetroaei, Verginica Schröder, *Rapana venosa* egg capsules (Valenciennes, 1846) and Crayfish exoskeleton (*Astacus leptodactylus* – Eschscholtz, 1893) – two Unexplored Chitosan Sources (prezentare invitată) ȘCOALA DOCTORALĂ DE ȘTIINȚE FUNDAMENTALE ȘI INGINEREȘTI, 9th Edition of SCDS-UDJG, 10 - 11 June 2021, Section 6. Future of Eco-nanotechnologies, Functional Materials and Coatings
2. Maria Memecică, Ileana Rău, Ana-Maria Albu, Manuela Rossemary Apetroaei, Verginica Schröder, Novel Versatile Materials Obtained by Chitin-Chitosan Substrates Functionalization (poster), ȘCOALA DOCTORALĂ DE ȘTIINȚE FUNDAMENTALE ȘI INGINEREȘTI, 9th Edition of SCDS-UDJG, 10th and 11th of June 2021, Section 6. Future of Eco-nanotechnologies, Functional Materials and Coatings
